

COMPLIANCE DEPARTMENT WINS MULTIPLE BEST PRACTICE AWARDS

Maxim Healthcare Services is proud to announce that our Compliance department has been recognized with five awards by the Health Ethics Trust (HET), a division of the Council of Ethical Organizations. We received the Best Practice Awards for Legal Billing Analysis in 2016. The Compliance department also won Best Practice Awards for Compliance Issues Management, Claims Testing Processes, and Field Auditing and Monitoring Processes in 2015 and for Compliance and Ethics Education and Training in 2014.

With these awards, every area of Maxim's comprehensive Compliance and Ethics program has now been recognized as a best practice for the healthcare industry.

The Health Ethics Trust is committed to enhancing ethical and legal conduct in healthcare organizations through shared resources, education programs, and research. Selected by a committee of working healthcare compliance officers, the Best Practice Awards recognize outstanding compliance performance in healthcare organizations and serve as a standard for other healthcare organizations.

ABOUT MAXIM HEALTHCARE SERVICES
